About

I'm a full-stack developer with hands-on experience building practical, production grade web and mobile applications. I work with React, Next JS, TypeScript, Express, and both SQL and NoSQL databases. My Experience ranges from full stack development and DevOps to Mobile Development. I build reliable applications with clean design and strong performance. My work spans various domains including Addis Sport Park, an operations platform used around the clock by 45+ staff. Furthermore I have graduated with B.Sc. in Software Engineering (CGPA 3.52) from Addis Ababa Science and Technology University(AASTU).
